

NAVISTAR AWARDS TOP SUPPLIERS WITH DIAMOND SUPPLIER STATUS

LISLE, Ill. (February 5, 2020) – This week at Navistar’s 2020 Supplier Summit, the company recognized its top-performing suppliers with its annual Diamond Supplier Award. This select group has played a pivotal role in helping Navistar deliver uptime to its customers and has exceeded performance expectations in four key metrics: quality, delivery, technology and cost.

“The suppliers we recognize today have stood out by demonstrating a shared

commitment to quality, customer value, cost-effectiveness and innovation that is unmatched,” said Sajid Kunnummal, chief procurement officer, Navistar. “These companies have been vital partners in our own journey to provide top quality products and services for our customers, and we are delighted to acknowledge them with this award.”

The Diamond Supplier Award recognizes suppliers from all around the world in a variety of industries; including freight and engineering services, electronics, powertrain and chassis components and advanced safety systems.

This year’s recipients include:

- Accenture, LLP
- Aearo Technologies, LLC
- Bridgestone
- Caterpillar Reman Powertrain Indiana
- ConMet
- Hendrickson
- Grupo HG Transportaciones S.A. de C.V.
