

Navistar Defense Receives \$134 Million for Fleet Support

WARRENVILLE, Ill. (December 21, 2011) - Navistar Defense, LLC today announced that it received a \$134 million delivery order for field service representatives (FSRs). The order from the U.S. Marine Corps Systems Command renews the company's in theater FSR service contract to support International® MaxxPro® Mine Resistant Ambush Protected (MRAP) vehicles.

"I'm proud to say that Navistar will not sell a truck if we can't support it in theater," said Archie Massicotte, president, Navistar Defense. "Sustainment of our vehicles is key – especially when vehicle lifecycles may run between 15 to 20 years. With our fleet of vehicles now growing beyond 32,000 trucks, fleet support will continue to be a critical piece of our business."

The company currently has more than 600 FSRs in theater and working domestically to support the MaxxPro family of vehicles.

Work conducted under the renewed contract will run through December 2012.

Navistar International Corporation (NYSE: NAV) is a holding company whose subsidiaries and affiliates produce International® brand commercial and military trucks, MaxxForce® brand diesel engines, IC Bus™ brand school and commercial buses, Monaco® RV brands of recreational vehicles, and Workhorse® brand chassis for motor homes and step vans. It also is a private-label designer and manufacturer of diesel engines for the pickup truck, van and SUV markets. The company also provides truck and diesel engine service parts. Another affiliate offers financing services. Additional information is available at www.Navistar.com/newsroom.
